

INTRO

Good evening, I am your host Karen Hudes. Welcome to this DCTV Series on the Network of Global Corporate Control. Today's broadcast is about Switzerland and the Global Currency Reset.

All of the 188 representatives of the countries that belong to the World Bank and IMF know about my long-standing efforts to replace Federal Reserve Notes with constitutional currency in the United States. They have been watching how I write to them from outside the headquarters building, and on a few occasions when I managed to get past the Network of Global Corporate Control's security guards, I have had cordial conversations with them.

In October 2014, I met with the Swiss delegation and Switzerland's representative on the Board of the IMF. My correspondence to Switzerland following that meeting is at the end of the teleprompter.

Sara Aviel, the Alternate Executive Director on the Board representing the US, was fired in 2015 for locking me out of the World Bank headquarters building.

All of the embassies in Washington got a letter similar to the one that I sent to Switzerland's Ambassador last year on March 25th asking them to name the negotiating teams for the Agreements to exchange the paper currencies for gold currencies out of the Global Debt Facility. I am also putting copies of this correspondence at the end of this teleprompter.

On July 24, 2015 I followed up with a letter to the 25 Ministers on a committee that represents the Board of Governors in between the Spring and Annual Meetings. Switzerland is on the Development Committee. I documented how the representatives of the United States were violating the Articles of the World Bank and IMF.

In November, I reacted to an article in the Economic Times of India about Switzerland's decision to publish accounts that are older than 60 years, which is the case for the Accounts of the Global Debt Facility, by informing Switzerland about their obligations under the Bilateral Minesfield Breakthrough Successor Agreement.

<http://economictimes.indiatimes.com/news/politics-and-nation/how-switzerland-to-publish-list-of-bank-accounts-dormant-for-60-years/articleshow/47489796.cms>

I told Switzerland that the accounts of the Global Debt Facility remain valid. I have sent similar letters to the West African countries, who also threatened to invalidate the Global Debt Facility's accounts.

On December 18, 2015 the Board of Executive Directors of the World Bank fired Jim Kim as President of the World Bank and also fired Sean McGrath as the Vice President for Human Resources. You can see how the the Development Committee fired Jim Kim at the end of this

teleprompter. That is why, in a letter in February which threatened to arrest me, Jim Kim's name was not associated with the Presidency of the World Bank. What you are seeing Jim Kim doing is merely a pantomime to trick and fool people about what is really going on.

On January 13th I met with the head of the Political and Legal Affairs Section, Mr. Daniel Hunn, at a conference at Georgetown Law School. This Conference discussed the US' decision to fine Switzerland's Banks over 1 billion for helping US citizens evade taxes. This was not such a smart move. Switzerland is being punished by the Network of Global Corporate Control at the same time as it is coming under fire from its citizens.

On November 30th, voters in Switzerland held a referendum on gold. The referendum was to prohibit the Swiss National Bank (SNB) from further gold sales, to repatriate Swiss-owned gold to Switzerland, and to increase gold reserves from 7% to 20 percent of the Swiss Central Bank's. Many Swiss felt that the votes were not counted properly. That is why they came up with another referendum, and this one is stronger. It would prohibit the private banks from creating money, by lending money that they do not hold in deposits. This is what private banks do in fractional reserve fiat currencies. There is no date set yet for this second referendum.

On February 8, 2016 the Board of Governors fired Matthew McGuire and Marc Sobel , the US Executive Directors on the World Bank and IMF Boards of Executive Directors. That is how I know that Christine Lagarde was not reappointed for another term. As a matter of fact, Lagarde is no longer the Managing Director of the IMF. That is because she tried to steal the world's gold in the Global Debt Facility by signing an unauthorized agreement with the Vatican. The General Counsel of the IMF, Sean Hagan, also lost his job for this very same reason.

Switzerland is the home of the Union Bank of Switzerland. UBS is holding the Treasury Dollars that Ronald Reagan printed and these are the Treasury Dollars that are replacing the unconstitutional Federal Reserve Notes. Switzerland is in contempt of all of the rest of the nations of the World by refusing to release these dollars. Whenever anyone asks me why we are not implementing the Global Currency Reset, I tell them to ask Switzerland and the UBS.

Switzerland is home to the CIA

Now I would like to share some very interesting findings about Switzerland by David Chase Taylor, who published them in March, 2015.

<https://truthernews.wordpress.com/2015/03/31/10-reasons-why-switzerland-is-home-to-the-cia-central-intelligence-agency/> The bottom line is that the United States is being directed from the Vatican, and that the CIA is not headquartered in Langley, Virginia. The CIA's headquarters are in Switzerland.,

Located in central Europe, [Switzerland](#) is home to the one and only “Central Intelligence Agency” (CIA). The CIA, which operates under the alias [Holy See](#) (i.e., the “Holy C”), was founded 40 years after [Confoederationis Helveticae](#) (i.e., Switzerland), roughly 755 years ago.

By employing [deductive reasoning](#), it can be deduced that Switzerland is in fact home to the CIA. The first step in this process is to [follow the money](#) which leads directly to the [Bank for International Settlements](#) (BIS) in Basel, Switzerland, an organization which secretly funds the CIA’s nefarious activities.

Switzerland is unique from every other country on Earth, something expected from the nation which harbors the CIA. Because Switzerland is ultimately responsible for engineering the incessant assassinations, terror attacks and wars around the globe, it is naturally free of such mayhem.

In other words, Switzerland is the [eye of the global storm](#)—free of financial crises, free of state-sponsored terrorism, and free of war for over 500 years. After all, terrorists in the CIA need a sanctuary, a place of peace and safety where they can return to after executing [black operations](#) around the world.

Said terrorists also need a place where they can avoid prosecution, hence Switzerland’s permanently neutral position within the international community. This is why the bankers, pirates and terrorists formerly known as the [Knights Templar](#) and the [Order of Saint John](#) (see below) originally fled to the [Alps](#), founding what is known today as Switzerland.

Because the CIA is in command and control of each country’s respective intelligence agencies and military, they are responsible for orchestrating virtually all of the assassinations, terror attacks and wars. This is where the concept of the [Swiss Army Knife](#) originally came from for Switzerland has every political and military option at their respective disposal.

Although [Switzerland is noted for its Swiss Mercenaries](#) who were strategically placed by the CIA in foreign armies, courts and governments in order to conduct assassinations and espionage, 99% of Swiss citizens have absolutely no idea that their country is in fact home to the CIA.

SWITZERLAND IS CIA:

1. Switzerland is located in central Europe
2. Switzerland is the only [neutral nation](#) on Earth
3. Switzerland is the only [sovereign nation](#) on Earth
4. Switzerland is home to [Onyx Interception System](#)
5. Switzerland is home to [Holy See](#) (i.e., the Holy C-I-A)
6. Switzerland is home to [Bank for International Settlements](#) (BIS)
7. Names for Switzerland (i.e., [CH](#) and Suisse) equate to CIA and SS
8. [Swiss National Day](#) is same date as the [anniversary](#) of the [Temple of Spies](#)
9. Switzerland is intimately tied to dictators (e.g., Hitler, Mussolini, Jong-Un, etc.)

10. Switzerland was originally founded by the [Knights Templar](#) and [Order of Saint John](#)

1. CIA Located in Central Europe

It is imperative to note that the notorious [CIA of the United States](#) provides the necessary political cover for [black operations](#) (i.e., Special Ops) orchestrated by the CIA in Switzerland. In other words, America takes the blame for what Switzerland is ultimately responsible for. Although there is a [Central Intelligence Agency Headquarters](#) located in Langley, Virginia, it is just the local headquarters of the CIA within the United States. In order to sell the world on the notion that the CIA is American in nature, the words “[CIA Headquarters](#)” are always followed by “Langley, Virginia” in virtually all Hollywood movies. However, Langley, Virginia is not located in central Virginia, nor is the state of Virginia centrally located within the United States. Switzerland on the other hand is located in central Europe, hence the name “Central Intelligence Agency”. The term [central](#) is defined in part by [Merriam-Webster](#) as being “in the middle of something” or “located in the center of a thing or place”, definitions which are indicative of Switzerland, not Langley, Virginia. The term “central” is also defined in part as “controlling all other parts” and “[having power over the other parts](#)”, for the CIA in Switzerland is ultimately in command and control of all 205 countries and territories of the underworld. Although said countries and territories have different flags, languages and races, they all operate at the behest of the CIA in Switzerland.

2. Switzerland Only Neutral Nation on Earth

[Switzerland](#) is the [only permanently neutral country](#) on Earth. Neutrality is defined in part as “a [sovereign state](#) which officially declares itself to be neutral towards the

[belligerents](#)”. However, if an allegedly sovereign state funds said belligerents, it is not neutral. Although Switzerland has been neutral since the end of its [expansion](#) in 1515, the [Congress of Vienna](#) fully re-established Swiss independence in 1815, making Swiss neutrality permanently recognized. Consequently, Switzerland has remained free of terror attacks and war for over 500 years. By remaining neutral, Switzerland can be intimately involved in the day to day business of every country on Earth while publically appearing to be neutral. Switzerland is also the only neutral country which actively engages in [armed neutrality](#). Consequently, the [Swiss Armed Forces](#) has roughly 200,000 to 400,000 active-duty soldiers, one of the largest standing armies in the world. The armed neutrality of Switzerland only makes sense when it’s understood that Switzerland is home to the CIA. In the event that Switzerland’s political cover is blown and they are fingered as the progenitor of assassinations, terror attacks and wars, its massive military will be able to defend itself against attack or a potential invasion.

3. Switzerland Only Sovereign Nation on Earth

Switzerland is one of only two [sovereign](#) entities on Earth. This notion is confirmed by the [flag of Switzerland](#), one of only two square [sovereign-state flags](#). The other is the [flag of Vatican City](#), a city state within Rome which is coincidentally protected by the [Swiss Guard](#). While the flags of all other countries (e.g., [flag of China](#), [flag of Russia](#), [flag of the United States](#), etc.) are rectangular in shape, the flags of Switzerland and Vatican City are geometrically square for they represent the only two [sovereign states](#) on Earth. The term [sovereignty](#) is defined as a state or a governing body that has the full right and power to govern itself without any interference from outside sources or bodies. In political theory, sovereignty is a substantive term designating supreme [authority](#) over some polity. In other words, Switzerland is the only country in the world (aside from Vatican City) which is in control of its own destiny. Consequently, the other 204 countries and territories of the underworld are not sovereign; meaning that another country (i.e., Switzerland) is ultimately responsible for its fate.

4. Switzerland Home to Onyx Interception System

If Switzerland were in fact a neutral country, it would not be home to the [Onyx Interception System](#) which is operated by the [Federal Intelligence Service](#) (FIS), the official name for the CIA in Switzerland. Considering that Onyx is admittedly “controlled by an independent [unnamed] control authority composed of members of the federal administration”, it can be deduced that is it under the command and control of the CIA. The stated goal of Onyx is to “monitor both civil and military

communications, such as telephone, fax or internet traffic, carried by satellite”, effectively allowing Switzerland to spy on the rest of the world. That being said, it’s highly likely that Onyx is also used as a secure and encrypted means of communication between CIA Headquarters in Switzerland and its respective offices and [detention facilities](#) (i.e., black sites) around the world. Despite the fact that Onyx is a global system, the only admitted locations within Switzerland are found at [Heimenschwand](#), [Leuk](#) and [Zimmerwald](#). Although the CIA still employs thousands of secret agents around the world, a majority their espionage is conducted electronically via state-of-the-art technologies (e.g., cell phones, drones, GPS, internet, satellites, watches, etc.) which are likely all linked to and monitored by Onyx.

5. **Switzerland Home to Holy See**

The [Holy See](#) (i.e., the “Holy C-I-A”) is the official name of the Central Intelligence Agency (CIA), a term evidently derived from [Confoederationis Helveticae](#), an original name for Switzerland. Although the Holy See is allegedly located in Italy, its name suggests otherwise. Consonantly speaking, the term “Holy” (H+L) was evidently derived from the “Hel” (H+L) as in “Helveticae”, while the term “See” (i.e., “C”) is an apparent acronym for “Confoederationis”. Founded roughly 40 years after the establishment of Switzerland in 1300 AD, the Holy See is touted as the [ecclesiastical jurisdiction](#) of the [Roman Catholic Church](#). The Holy See is the [central point of reference](#) for the [Catholic Church](#) and admittedly the focal point of [communion](#) due to its [prominence](#). Consequently, the Holy See is viewed as the central government of the Roman Catholic Church. Diplomatically speaking, the Holy See acts and speaks for the whole Catholic Church. In other words, the Holy See is the highest form of government within the Catholic Church, just as the CIA is the highest form of government in the world. Similar to Switzerland, the Holy See is viewed as a [sovereign state](#), having a [centralized government](#) entitled the [Roman Curia](#). Coincidentally, the [Federal Palace of Switzerland](#) in the Swiss capital of Bern is entitled “[Curia Confoederationis Helveticae](#)”, further suggesting that Switzerland and the Holy See are in fact one and the same entity. The term “See” found within Holy See was derived from the Latin word “sedes” meaning “seat”, a reference to the Episcopal throne ([cathedra](#)) of the Catholic Church. In other

words, the Holy See is the “Holy Seat” or the “Holy Throne” of the Greco-Roman Empire in the underworld.

6. Switzerland Home to Bank for International Settlements

The [Bank for International Settlements](#) (BIS) in Basel, Switzerland is the financial backbone of the CIA, secretly funding its nefarious operations around the world. Admittedly “[the world’s oldest international financial organization](#)”, the BIS funds 60 central banks (e.g., Bank of China, Bank of England, Federal Reserve Bank, etc.), which collectively make up 95% of the world’s [GDP](#) (gross domestic product). Although the BIS bills itself as an [international organization](#) of [central banks](#) which attempts “to foster international cooperation in those areas and to act as a [bank for central banks](#)“, it is solely responsible for orchestrating the world’s financial crises simply due to the fact that it alone has the power to create money. In other words, the BIS is responsible for creating and distributing the world’s fiat money supply which is in turn used to fund the world’s respective governments, intelligence agencies and militaries, as well as all the assassinations, terror attacks wars they engage in at the behest of the CIA. As the financial wing of the Central Intelligence Agency, the BIS is fiscally responsible for funding virtually all of chaos and madness seen in the world today.

7. Names for Switzerland Equate to CIA & SS

Because Switzerland is home to the Central Intelligence Agency (CIA), their respective names are intimately linked in numerology. According to the [International Organization for Standardization](#) (ISO), which is coincidentally located in Switzerland, the country

code of Switzerland is [CH](#) (i.e., “[Chi](#)”), an acronym derived from [Confoederationis Helveticae](#), an original name for Switzerland. When employing [Jewish Gematria](#) in respect to the [Roman Score](#) (i.e., the Roman alphabet) and/or the [modern-English alphabet](#), the acronym “CH” numerically and consonantly equates to the acronym “CIA”. For example, the numbers/letters found within “CH” (i.e., C=3 and H=11) equate to “311” as the “H” symbol equates to the [number “11”](#) in the Roman Score. Conversely, the numbers/letters found within “CIA” (i.e., C=3, I=1, and A=1) numerically equate to “311” as the “I” symbol equates to the [number 1](#) in the Roman Score. Since the [letter “A”](#) doubles as a [Chevron symbol](#) (i.e., “Λ”), the number/letter used to depict the letters “C” and “K” in the Roman Score, the acronym “CIA” equates to “CIA”, an acronym which can be depicted in a variety of different ways (i.e., CIC, CIK, KIC, KIK, CIA, ΛIC, KIA, ΛIK, ΛIA, etc.). The double “Λ”, “C” and “K” are grammatically and numerological tributes to [Chania, Crete](#), the birthplace of the Greco-Roman Empire which now rules the world via the CIA in Switzerland. This is why the [coat of arms of the Holy See](#) (i.e., the official name of the CIA in Roman Catholic Church) depicts two keys or two K’s (i.e., “KK”), for the term “Key” (K) consonantly equates to the letters “C” and “K”, symbolically depicting the name of the CIA (i.e., KIK). Considering that the CIA is predominately staffed by males of Jewish decent, the derogatory term for Jews is “[Kike](#)” (C/K+C/K), a term which consonantly equates to “CIA” when the letter “A” is deciphered as a Chevron symbol (i.e., “Λ”). Unbeknown to most, Switzerland is also home to the [World Jewish Congress](#), an international federation of Jewish communities and organizations which is curiously never mentioned as an active political body. Whether the World Jewish Congress is part of the CIA is not known, but it’s highly likely considering the secretive nature of the group. One of the original names for Switzerland is [Suisse](#), its current name in French. Consonantly speaking, the term Suisse (S+S) equates to “SS” or “CC” (pronounced “See See”) as the letter “C” routinely doubles as the letter “S” in the English language (e.g., cent, century, citrus, etc.). Consequently, a double “SS” equates to a double “CC” which is, as previously stated, is representative of the CIA (i.e., CIA). Historically speaking, the “SS” is found in the names of symbols of various groups which were and are being used by the CIA to kill and terrorize billions of people around the world. For example, the letters “SS” were used by the [Schutzstaffel](#) (i.e., SS), the largest and most powerful paramilitary organizations in Hitler’s Third Reich, as well as the [Waffen-SS](#), the multi-national military force of [Nazi Germany](#). Said organizations also donned the [Swastika](#), a symbol which in the letter “S” is superimposed upon another letter “S”, resulting in an “SS”. In modern times, the Swastika is used by the [CIA’s neo-Nazi groups](#) around the world. Lastly, similar to the term Suisse, the name of the state-sponsored terror group [ISIS](#) (S+S) contains a double “SS”, a grammatical tribute to the CIA in Switzerland which is using the group to terrorize the world.

8. Swiss National Day is Anniversary of Temple of Spies

[Swiss National Day](#) is the birthday/national day of Switzerland, a holiday which is celebrated annually on August 1, marking the foundation of the Swiss Confederacy. Coincidentally, August 1 is also the [anniversary of the Temple of Spes](#) (i.e., Spies). [Spes](#) (pronounced “spe:s” as in “spies”) was the goddess of [Hope](#) in Roman mythology and religion because the Greco-Roman Empire hoped they would find out about potential threats and invasions prior to them manifesting in reality. Because Switzerland and its CIA spy on the underworld on behalf of the [Greco-Roman Empire in Greenland](#), their respective birthday/national holiday is celebrated on the same day as the anniversary of the Temple of Spies. That is why the logo of the [Federal Intelligence Service](#) (FIS), which operates under the aliases of the [Nachrichtendienst des Bundes](#) (NDB), the [Service de renseignement de la Confédération](#) (SRC), and the [Servizio di Intelligence Federale](#) (SIF), depicts an outline of Switzerland superimposed upon an eye for the FIS is the official name for the CIA in Switzerland. Lastly, in what appears to be a modern tribute to espionage conducted by the state of Switzerland, the logo of [Spy Optic](#) sunglasses depicts a [Greek Cross](#) which is coincidentally found in the [flag of Switzerland](#).

9. Switzerland Intimately Tied to Dictators

Switzerland is intimately linked, albeit in a de facto manner, to a number of notorious dictators, namely [Napoleon Bonaparte](#), [Adolf Hitler](#), [Benito Mussolini](#), and [Kim Jong-un](#). In the case of Napoleon, [Switzerland served as the staging ground](#) for French battles against the Austrians and Russians. Despite being temporarily occupied by French troops, Switzerland was never attacked or invaded by Napoleon’s troops. Although [3.5 million deaths are attributed to Napoleon](#), Switzerland remained unscathed. Despite the infamous [Operation Tannenbaum](#) (i.e., “Operation Christmas Tree”), the allegedly

planned but cancelled invasion of [Switzerland](#) by [Nazi Germany](#) during [World War II](#), Hitler never attacked or invaded Switzerland despite having the country virtually surrounded. Although [7 to 9 million deaths are attributed to Hitler during World War II](#), Switzerland reportedly only suffered [100 casualties](#). In 1902, future dictator [Benito Mussolini emigrated to Switzerland](#) where he participated in a [series of meetings that organized the communist revolutions](#) and insurrections that later swept through Europe. Similar to his counterpart Hitler, Mussolini never attacked Switzerland despite the fact that it borders Italy to the north. Although [454,600 deaths are attributed to Mussolini during World War II](#), Switzerland reportedly only suffered [100 casualties](#). Why Napoleon, Hitler and Mussolini did not attack or invade Switzerland (the richest country on Earth) while they raped and pillaged Europe only makes sense when it is understood that these dictators were funded and/or groomed by the CIA in Switzerland. Lastly, although North Korean dictator [Kim Jong-un](#) is routinely portrayed as mentally unstable, he is under the [mind-control](#) of the CIA in Switzerland and acts accordingly. Similar to Mussolini before him, Jong-un [lived his “handler” in Switzerland](#) where he was “spotted” a number of times while attending a so-called “private school” where he was likely being groomed for his eventual role as dictator of North Korea. Consequently, any casualties incurred by Jong-un and North Korea are squarely on the shoulders of the CIA in Switzerland.

10. Switzerland Founded by Knights Templar & Order of St. John

The [Knights Templar](#) and the [Order of Saint John](#) (e.g., the Hospitallers, Knights of Saint John, Knights of Rhodes, [Knights Hospitallers](#), [Sovereign Military Order of Malta](#), etc.) were two medieval Roman Catholic Orders whose merger ultimately spawned the creation of Switzerland around 1300 AD. Consequently, the respective colors and symbols of said Orders are now depicted in the [flag of Switzerland](#). These notorious military Orders routinely engaged in assassinations, piracy, terror attacks and war, traits currently exhibited by the CIA in Switzerland. According to legend, the Order of Saint John wore black surcoats with a white cross during its crusades with the [Muslims](#). However, in 1248, [Pope Innocent IV](#) approved a new standard military dress for the Order of Saint John which consisted of a [red surcoat emblazoned by a white cross](#), the exact same color scheme and symbol now depicted in the flag of Switzerland. Interestingly, the flag of Switzerland is now synonymous with neutrality and innocence,

an apparent tribute to Pope Innocent IV who sanctified the Order. The Order relocated to Switzerland shortly after the [Protestant Reformation](#) (c. 1170) when its leaders in the [Margraviate of Brandenburg](#) declared their continued loyalty to the Order of Saint John while publically accepting [Protestant theology](#). The Protestant branches of the Order admittedly spread throughout Europe, including “Hungary, Poland, the Netherlands, Sweden, Finland, Denmark, Switzerland, France, Austria, the United Kingdom, and Italy”. After going undercover in the Alps, “It was established that the [Order of Saint John] should remain neutral in any war between Christian nations”. Since the flag of Switzerland bears the exact same color scheme and symbol as the Order of Saint John, and it’s the only permanently neutral country on Earth, it can be deduced that the Order of St. John became founded what is now known as Switzerland. Similar to the Order of Saint John, the [Knights Templar](#) were known for their white [mantles](#) with a red [cross](#), a color scheme and symbol now depicted in the logo of the [International Red Cross](#) in Geneva, Switzerland, as well as in the [flag of Switzerland](#), albeit the colors are reversed. The notion that the Knights Templar established Switzerland is corroborated by numerous [scholars who believe](#) that the “Templars fled into the Swiss Alps”. Since both the Knights Templar and the [Order of Saint John](#) admittedly relocated to Switzerland, and the color schemes and symbols of both Orders are evident in the flag of Switzerland, it can be deduced that the country of Switzerland was specifically founded so that these Roman Catholic military orders could fund and orchestrate assassinations, piracy, terror attacks and wars around the world under the guise of neutrality. Due to the wealth the Knights Templar confiscated during their centuries of conquests, the non-combatant members of the Order began to develop a [massive economic infrastructure](#) within Europe, [creating financial techniques](#) that became the [earliest forms of banking](#), something Switzerland is now famous for. In 1150, the Templars began generating [letters of credit](#) for pilgrims traveling to the Holy Land, an innovative arrangement that became the earliest form of [banking](#), leading to the formal system known today as [checks](#). Consequently, the Order of the Knights Templar became the [world’s first multinational corporation](#). Templar involvement in [banking](#) grew to the point where they began to practice [usury](#), charging interest on money lent. Templar usury is still evident today in the form of the [Bank for International Settlements](#) (BIS) which is located in Basel, Switzerland. In short, the BIS creates money out of thin air and then charges countries (and their respective citizens) interest on said money, keeping the world in a perpetual state of debt and slavery. Since interest rates can always be manipulated, no country can ever escape from their current economic status, regardless of how hard they work.

OUTTRO: In today's segment, we discussed Switzerland. Switzerland is the eye of the global storm. Switzerland is the home of the CIA. After all, terrorists in the CIA need a sanctuary, a place of peace and safety where they can return to after executing black operations around the world. CIA is the home of UBS, the bank containing the Treasury dollars that Ronald Reagan printed before he was shot by John Hinckley. Switzerland is now opposed by the entire world for holding up the Global Currency Reset. Until next week, I am your host, Karen Hudes.

Dear Philip,

Thank you for this email. This is my second response; the first email which I wrote mysteriously erased itself from my computer just as I was about to push the send button.

The UK delegation to the World Bank is given on the World Bank's website at: <http://siteresources.worldbank.org/INTEDSO3/AboutTheOffice/23576397/UnitedKingdomStaffListjune2014.pdf> On July 20, 2015 I "tweeted" instructions on how to navigate to the Executive Directors' contact information after the World Bank webmaster obscured the ED's webpages: <https://s3.amazonaws.com/khudes/Twitter7.20.15.pdf>

During the Spring meetings <https://s3.amazonaws.com/khudes/Twitter4.19.15.pdf> the Board of Governors of the World Bank and IMF placed the Network of Global Corporate Control disclosed by Stefania Vitali, James B. Glattfelder, and Stefano Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf into receivership. An accurate power transition model that came from the US Department of Defense to the World Bank in 2004 <https://s3.amazonaws.com/khudes/sentia+model.pdf> has been predicting that a coalition consisting of the US and its allies would end the corruption emanating from the Network of Global Corporate Control ever since I and a Scottish whistleblower, Elaine Colville, got our statements about the corruption at the World Bank up on the UK and EU Parliament's websites:

- House of Commons International Development Committee, Written Evidence for the inquiry into The work of the Independent Commission for Aid Impact, July 7, 2012: <http://www.publications.parliament.uk/pa/cm201213/cmselect/cmintdev/writew/402/contents.htm>
- House of Commons Public Administration Committee, Written Evidence for the inquiry into Public engagement in policy making, published November 2, 2012: <http://www.publications.parliament.uk/pa/cm201213/cmselect/cmpubadm/writew/publicpolicy/m03.htm>
- House of Commons Public Administration Committee, Written Evidence for the inquiry into Complaints Do They Make A Difference, published July 20, 2013, pages 186-7 (Elaine Colville, another World Bank Whistleblower's testimony is on Page 178): <http://www.parliament.uk/documents/commons-committees/public-administration/Complaints-1-consolidated-13-sept.pdf>

- The European Parliament Committee on Budgetary Control Hearing on Whistleblowing May 25, 2011:
<http://www.europarl.europa.eu/document/activities/cont/201105/20110518ATT19540/20110518ATT19540EN.pdf>

The Bretton Woods' Boards of Governors and Directors have supported me and the other World Bank whistleblowers behind the scenes during the many years that we have been contacting them about ending the corruption at the World Bank and International Monetary Fund. Together with the embassies in Washington, New York, London and Tokyo, they have cleared the documents that I have been producing on their behalf ever since I was reinstated by Svein Aass and Eugene Miagkov in 2009, including these two press releases about the Global Currency reset:
http://presswire.com/pr/hudes/hudes_250714.html
http://presswire.com/pr/hudes/hudes_090315.html After I learned of the Global Debt Facility containing the world's monetary gold reserves that are administered by the Bretton Woods Board of Governors, the Board authorized me together with six other Executive Directors to go in front of the interbank screens to view the accounts in the Global Debt Facility. I have declined to do so until the safeguards for the assets that are listed as conditions for the Letter of Intent are in place.
<https://s3.amazonaws.com/khudes/Letter+of+Intent.pdf>

Unfortunately, the new US Executive Director at the World Bank, Matthew McGuire, has lost no time in violating Article V, Section 5(c) of the Articles of the International Bank for Reconstruction and Development: "The President, officers and staff of the Bank, in the discharge of their offices, owe their duty entirely to the Bank and to no other authority. Each member of the Bank shall respect the international character of this duty and shall refrain from all attempts to influence any of them in the discharge of their duties." This was after I had advised Mr. McGuire not to repeat Sara Aviel's breach of the Articles. On June 30, 2015 Allied Barton illegally refused to admit me at the request of one of the ED's offices; Allied Barton also refused to admit me at the request of the retirees' association, the 1818 Society.

In your email you have mentioned one of the Network of Global Corporate Control's attempts to steal the world's monetary gold reserves. There have been three other futile attempts, all of which were invalidated by the Board of Governors:
<https://s3.amazonaws.com/khudes/Twitter7.18.15.1.pdf> Allied Barton, a subsidiary of the Network of Global Corporate Control, has served its shareholders instead of complying with its obligations to the Bretton Woods institutions. Allied Barton tried to prevent the Global Currency Reset approved by the Board of Governors beginning with the Spring Meetings in 2014
<https://s3.amazonaws.com/khudes/Twitter4.25.15.1.pdf> by preventing me from entering the World Bank buildings. By copy of this email, the Board of Executive Directors is instructing Allied Barton to reactivate my security badge forthwith. Any Executive Director who wishes to countermand these instructions should go on record to this effect.

Sincerely,
Karen Hudes

Hi Karen

I sent an email to Tom Duggan who if I remember was a secretary to Gwen (and I can't even remember her last name) but she is our UK representative at the World Bank. Funny how soon after I sent this email their website gets changed and now I cannot find any contacts.

They really are in fear.

Thanks
Philip

Hello Tom

I have been following Karen Hudes for a number of months now
<https://twitter.com/KarenHudes> from my home country of UK.

One of her most recent emails was to all 25 board of directors see
<https://s3.amazonaws.com/khudes/Twitter6.19.15.pdf>

Rather than email Gwen (eds03) I thought I would get your opinion on what this latest email is. My question is, are you aware of Karen Hudes and her emails she keeps sending to the board of directors of the World Bank?

What do you make of all this?

Regards
Philip

Re: <http://presswire.com/content/1324064/board-governors-world-bank-and-imf-announce-transition-asset-backed-currencies>

Your Excellency,

This is further to my email to the New York and Tokyo embassies dated March 19, 2015, a copy of which is enclosed for your ready reference. I also refer to my letter dated January 8, 2015 to Dr. Janet Yellen concerning the fraudulent claims of the Federal Reserve, copied to you and the rest of the members on the Board of Governors. Since then, a Notarial Protest has been lodged with the Universal Postal Union. <https://s3.amazonaws.com/khudes/notarialprotest.pdf>

As determined by the Development Committee and subsequently informed to them, <https://s3.amazonaws.com/khudes/ldevelopmentcte3.pdf> the Global Debt Facility has filed financing statements with the 12 Federal Reserve Banks in the US. <https://s3.amazonaws.com/khudes/ucc1.pdf> Country debt will be offset against the obligations held by the Global Debt Facility.

The funds of the Global Debt Facility are for the benefit of humanity and may not be transferred without the protocols in the Bilateral Minesfield Breakthrough Successor Agreement, <https://s3.amazonaws.com/khudes/BILATERAL.pdf> which will include decisions to be taken by the Board of Governors and authorized signature. The Board of Governors has determined that there will need to be full agreement about the disposition of assets in the Global Debt Facility. So far, the only agreed disposition is the replacement of fractional reserve fiat currency and remediation of Fukushima as set out in the letters to the Tokyo embassies. <https://s3.amazonaws.com/khudes/ltokyoembassies1.pdf>

The World Bank and International Monetary Fund Development Committee serve as liaisons to the full Board of Governors. The Development Committee is currently considering the following implementation measures.

- the proposed draft Monetary Agreement which was forwarded to the Tokyo embassies

- the historic price of gold
- advance administrative costs approved by the Board of Executive Directors on June 22, 2014
- my admittance to World Bank and IMF headquarters and country offices
- differentiating and disposing of excess, speculative foreign currencies
- audit of gold in the Global Debt Facility and claims of possible thefts
- winding down the network of global corporate control and bankruptcy of the banks operating under various jurisdictions
- transition arrangements; local currencies
- bailment laws
- establishing a sound communications strategy

These matters affect each and every nation. The Network of Global Corporate Control is violating the Articles of Agreement of the World Bank and International Monetary Fund <https://s3.amazonaws.com/khudes/general+assembly3.docx> The President of the World Bank and the Managing Director of the IMF cannot overrule the Board of Governors of the World Bank and IMF or their Boards of Executive Directors; the Boards have full authority to conduct the general operations of the World Bank and IMF.

I refer to my letter of June 26, 2014 to H.E. Mr. Urs Bucher and would appreciate learning which persons will be negotiating the Monetary Agreement on behalf of Switzerland. <https://s3.amazonaws.com/khudes/Monetary+Agreement1.pdf> Similar letters are being sent to the other 187 Ambassadors of the World Bank and IMF membership, for transmittal to Ministers of Finance in their respective countries.

Sincerely,

Karen Hudes

Re: Letter to the Development Committee of December 28, 2015 concerning the Global Currency Reset from the assets in the Global Debt Facility

<https://s3.amazonaws.com/khudes/Twitter12.28.15.1.pdf>

Yesterday after informing the Executive Directors that I was reporting to work on the Global Currency Reset, William Bullock and Major Obenga Aderiolgbe of Allied Barton attempted to prevent me from doing so. On December 18, 2015 the Executive

Directors informed Sean McGrath and Jim Kim that they were no longer serving as Vice-President, Human Resources, and President of the World Bank, as both exceeded their respective authority under the Articles of Agreement, which provide in Article V, Section 4(b) that the Board of Executive Directors direct the ordinary business of the Bank. <https://s3.amazonaws.com/khudes/Twitter12.18.15.pdf>

Further to that Memorandum: "[a]ny employee of Allied Barton who refuses to comply with Allied Barton's unlimited power of attorney to the Global Debt Facility and to Karen Hudes, Overseer Mandate Trustee of the Global Debt Facility, is hereby relieved of their duties". William Bullock and Major Obenga Aderiolgbe of Allied Barton are discharged forthwith.

This is to inform you of the request for proposal for a security printer or security printers for the exchange of fractional reserve currencies under the Global Currency Reset <https://s3.amazonaws.com/khudes/rfp+for+certificates.pdf>. Please indicate to the Development Committee whether you would like for the RFP to include printing of Treasury banknotes for your respective currencies, as well as a list of personnel to be detailed in your countries. The Bank's missions will be available in the countries in which they are located, and can also facilitate the exchange of currencies for adjoining countries that do not have country offices.

As per the understanding confirmed with Tokyo Embassies and New York Missions, any country not in agreement with these arrangements is to indicate this fact.

Subject: Global Debt Facility
To: Swiss Embassy, to Mr. Hunn's administrative assistant

Dear Mr. Hunn,

I refer to our conversation on January 13, 2016 at Georgetown Law School concerning the Global Debt Facility containing the world's monetary gold reserves, precious metals, Treaty of Versailles bonds, gemstones, artwork, and other wealth administered by the

Board of Governors of the World Bank and International Monetary Fund. I attach a provisional inventory: <https://s3.amazonaws.com/khudes/Inventory+D-Tunnel+2.jpg>

I understand that UBS is holding uncut Treasury Dollars that were printed by Ronald Reagan in an account of the Global Debt Facility.
<https://s3.amazonaws.com/khudes/UBS+UNCUT.pdf>

The Board of Governors has agreed a Global Currency Reset, to replace the fractional reserve fiat currencies for currencies minted from the international gold reserves held by the Global Debt Facility.
<http://presswire.com/content/1324064/board-governors-world-bank-and-imf-announce-transition-asset-backed-currencies> I am authorized to speak for the Board of Governors on matters involving the Global Debt Facility, pursuant to an arrangement ratified by the New York Missions and the Tokyo Embassies following the Annual Meetings in Peru. <https://s3.amazonaws.com/khudes/Twitter10.10.15.pdf>

The Development Committee is issuing a request for proposal to contract with a security printer for the Global Currency Reset
<https://s3.amazonaws.com/khudes/rfp+for+certificates.pdf> The Board of Governors would like to know whether UBS is going to respect bailment laws and release the uncut treasury dollars, or whether new Treasury Dollars will have to be printed.

Thanking you in advance for the good offices of the Embassy in this matter involving as it does the welfare of all of humanity, as well as the peoples of Switzerland,
