INTRO Good evening, I am your host Karen Hudes in this series on the Network of Global Corporate Control. Today's segment is about the Global Currency Reset. We are coming to you live from DCTV's studios. I would like to thank Carmen Stanley, Studio Producer and Director, Maurice Jackson, Audio and Prompter, and Delores Harris, Floor Director.

On Sunday I told people in my social media that I was busy writing the teleprompters for this series on the Network of Global Corporate Control. I said that the Series has achieved its purpose: to convince enough people that the world's assets belong to humankind, and that the Bretton Woods institutions, (that is, the World Bank and the International Monetary Fund), including their Articles of Agreement, are there to serve humanity in a peaceful transition—the Global Currency Reset.

At the end is the teleprompter for last year's show, which describes how José Rizal together with Ferdinand Marcos, created the World Bank and International Monetary Fund to make a peaceful transition possible, and established the Group of 77, which is a group of 134 developing countries.

José Rizal was the Superior General of the Jesuits, that is, the Black Pope, and he put the world's assets in hiding for 50 years and put the World Bank and IMF in charge of making sure that these assets ended poverty and benefitted the world's people. Here are pictures of José Rizal as a young man, and as Father Antonio Diaz.

On Sunday, I told the many people following this saga on the internet that the United States is part of this peaceful transition. The United States' monetary gold reserves are going to be made available to the United States, just as the other countries will have their monetary gold reserves restored to them in their respective currencies. The world's illegitimate governments are going to be replaced, gradually, and peacefully, as grassroots organizations systematically cleanse the local villages and towns and learn how this corruption in the world's governments came to be.

I prepared the minutes of the upcoming Spring Meetings of the Bretton Woods institutions. These minutes are going to be cleared by the 25 Ambassadors in Washington, in liaison with their Ministers of Finance and Development who belong to the Development Committee. They will also be cleared by the Intergovernmental Group of Twenty-Four on International Monetary Affairs and Development, which is the liaison of the G-77 with the World Bank and IMF. I just tweeted these minutes, and emailed them to the New York and Tokyo embassies.

https://s3.amazonaws.com/khudes/Twitter4.3.17.pdf

I will mail hard copies to the 25 Washington Embassies on the Development Committee and for onward transmittal to the Ministers of Finance and Development and to the 4 embassies with officers on the G77--Ethiopia, Sri Lanka, Peru and Colombia.

The United States is part of this peaceful transition:

I have also been clearing documents with the New York missions and Tokyo embassies. I am consulting with the world's peoples on the internet, and make sure to answer everyone's questions. So far I have been able to keep up with all of the correspondence personally.

I vote the shares of the United States during this interregnum in the legitimate government of the United States. That is the largest vote on the Development Committee. Germany and Japan have the second and third largest votes. Neither

Germany nor Japan are going to let the unconstitutional Federal Reserve Note crash and leave the US military without resources. In my letter of November 6, 2016 to Mr. David S. Ferriero, Archivist of the United States, I said, "on behalf of the Board of Governors of the World Bank and International Monetary Fund, I have informed Germany and Japan that the monetary gold reserves of the United States in the Global Debt Facility are being deployed to enable the United States to fulfill its treaty obligations in the defense of Germany and Japan. "I also included a link to my letters informing the Defense Attachées of Japan and Germany to this effect. https://s3.amazonaws.com/khudes/Twitter10.31.16.1.pdf

The archives of this Series is on YouTube, and people can see from the comment section how everyone is responding to our common resolve to end the corrupt money system foisted on us by the Banking Cartel. For people who doubt the truth of what I am telling you, I advise you to look at the documents that prove our case, but first get yourself into a small study group so that you are less vulnerable and also so that your group can tell you when you are not yourself. This is protection from very powerful military technologies which use low frequencies and scalar technologies.

It may take some time for the Banking Cartel and its puppet governments to admit that they are simply play-acting on the world stage, with no truth, money, or authority. Enough people know that this is a hollow exercise, fake news, and lies.

Read through the documents that are linked to these "tweets". For anyone who needs further convincing, just realize that not a single embassy in New York or Washington DC or Tokyo has argued in defense of Sandie Okoro, the World Bank's former General Counsel, who was fired as an agent of the now-defeated Banking Cartel.

There is another very powerful proof. It is that you can see the consistent timeline. First I tell you that I am going to do something, and then you can see me doing this. As an example, I am including the teleprompter from the segment last year, in which I was preparing the minutes of last year's spring meeting, and telling you about José Rizal. José Rizal was trying to anticipate what would help ensure after 50 years time people would use the Global Debt Facility to free mankind. Rizal did not anticipate that a whistleblower would come along in the World Bank's Legal Department. But when I did, and then found out what he and Ferdinand Marcos had left, and then I got ahold of the Department of Defense Power Transition Model, this really helped.

Another thing that helped was when I went and lived in Amsterdam and studied economics between NYU and Yale Law School. Don't be intimidated by the academic studies. It turns out that the disciplines tend to prevent people from trying to understand things. It's the self taught people and not the lawyers who actually could see how the birth certificate scam was working. What is the birth certificate scam? People assign their babies into a system where their children are listed on the stock markets as a company that gets registered as a bond and earns interest. So the thing about Holland is that is where the first corporation - the East India Company started. And you can see from this tweet in October 2016 that a Dutch company, Wolters Kluwer, is the agent for

most of the companies in the world. "This information was forwarded from a friend and I did some checking . . .

Holy Cow! These are some very bad guys. This is huge. The top of the heap.

Valerie, I am leaving your posts up. For goodness sake do some more study and get into a group. Your comment about my being Jewish sticks out like a sore thumb. Please people, read what I have written about divide and conquer and the head of the snake, and how the religions and our spirituality have been confused during all of our history and we need to wait until the money corruption is cleaned up to tackle those issues. For starters, the problems we are dealing with now have been with us for many thousands of years and before Judaism and the prophets were on Earth. https://s3.amazonaws.com/khudes/Twitter12.29.16.pdf

At the end of this post, I am putting a document from the end of December which shows you how the Banking Cartel is trying to steal all of your pensions. That is not going to happen. The Banking Cartel is not in charge. Who is? The coalition for the rule of law, consisting of 134 developing countries, and the rest of us that understand how corrupt our world is. At the moment, all of the governments and their central banks think that they have pulled the wool over our eyes. What we have just learned, is that enough of us know what is actually going on to turn the tables on these crooks. That is called "critical mass". We have reached critical mass, and the changes I have been telling you about are going to become manifest. Think of a pregnant woman, about to give birth. Is there going to be a baby? You bet! The Earth is now pregnant with the Global Currency Reset.

I am now speaking for the legitimate government of the United States on the Board of Governors of the World Bank and IMF (which is in charge of the US monetary gold reserves), and am recognized by a coalition for the rule of law that was predicted by a power transition model that came to the World Bank and IMF from the US National War College in 2004. The power transition model is 90-95% accurate. I will post these minutes soon and clear them with the New York, Tokyo embassies, in addition to the Washington embassies of the countries on the Development Committee. These minutes are very similar to the minutes that on the Global Currency Reset that have been cleared at last year's Annual Meeting.

https://s3.amazonaws.com/khudes/lannualmeeting.pdf The embassies just finished clearing the Minutes again when Sandie Okoro, the World Bank's Senior Vice President and General Counsel, was fired.

At the center of the coalition for the rule of law is the G-77, a group of 134 Developing Countries. The G-77 has appointed Ethiopia's Minister of Finance as a liaison to the

World Bank and IMF. After writing a legislative history of the G-77 as a young law student in 1976, I said that the world was never going to be the same. That is why Ibrahim Shihata, an Egyptian lawyer who used to be General Counsel of OPEC, hired me into the World Bank's Legal Department in 1986. I never looked back.

The Board of Governors of the World Bank and IMF fired the current General Counsel of the World Bank, (because Sandie Okoro is an agent of the Banking Cartel), and none of the embassies has contradicted this. Sandie Okoro is now pretending that she was not really fired. That is play-acting. Alot of what you see now is simply play-acting. The reality is that Sandie Okoro was fired, and she is now bankrupt under a commercial lien held by me and by the Global Debt Facility.

The Banking Cartel tried to remove the paragraph in the Commercial Lien on Sandie Okoro, which showed how the members of the Board of Governors approved the Minutes of Meeting in 2016 for the Global Currency Reset. I put this statement back in the Commercial Lien.

30. On March 15, 2017, Lien Claimant informed the members of the Boards of Governors and the Development Committee, via their New York Missions and Tokyo Embassies as follows:

This is to inform you of my fax dated March 13, 2017 https://s3.amazonaws.com/khudes/fokoro.pdf to Dr. Sandie Okoro, Group General Counsel of the World Bank, concerning the Global Currency Reset, and that she is to be relieved of her duties if she is unwilling to implement the Global Currency Reset previously referred to in the Minutes of the 2016 Annual Meetings: https://s3.amazonaws.com/khudes/lannualmeeting.pdf

These are the words that are in the Commercial Lien that are at the heart of the Global Currency Reset:

"32. Sandra Okoro is acting outside the duties of the General Counsel of the World Bank and has prevented me from returning to the World Bank's headquarters and working on the Global Currency Reset agreed to by the Board of Governors of the World Bank and IMF. Sandra Okoro has violated the Articles of Agreement of the World Bank, in particular Article V, Section 2 SECTION 2(a). "Board of Governors

(a) All the powers of the Bank shall be vested in the Board of Governors..." and Section 5(c) "The President, officers and staff of the Bank, in the discharge of their offices, owe their duty entirely to the Bank and to no other authority. Each member of the Bank shall respect the international character of this duty and shall refrain from all attempts to influence any of them in the discharge of their duties"

I have notified Lien Debtor of her nonfeasance, misfeasance, and malfeasance, and given her the opportunity to rectify matters, so that the IBRD can be brought into compliance on the world's capital markets, and so that the Board of

Governors of the World Bank and IMF can complete the Global Currency Reset. Still Lien Debtor remains recalcitrant.

33. The Lien Debtor is in Commerce and this is interfering with my fidiciary responsibilities to the IBRD, the IMF, and the world's peoples as beneficiaries of TVM-LSM-666, damaging my business advantage, character, and is obviously intentional, willful, wanton and ongoing as it is by design, this being self-evident:"

Even for people who have trouble believing in the 1.8 million metric tonnes of gold in the monetary gold reserves that are administered in the Global Debt Facility (which is very real) there is documentary proof of the 2 quadrillion in bonds that were issued by the Federal Reserve in the 1930's.

https://s3.amazonaws.com/khudes/treaty+of+versailles+offer+of+sale+2+quadrillion1.pdf

I have placed valid liens against the Fed. The cash flow going to the Banking Cartel from that scam called country debt? That is ending in the Global Currency Reset. Ronald Reagan's Grace Commission showed this cash flow to the Banking Cartel, and I recently reminded people of this:

.@czaobong tax? LMAO -

http://digital.library.unt.edu/ark:/67531/metacrs9044/m1/1/high_res_d/IPo281G.pdf http://www.uhuh.com/taxstuff/gracecom.htm

https://www.alipac.us/f19/grace-commission-report-under-ronald-reagan-showed-irs-103958/_http://www.ntu.org/governmentbytes/detail/whistleblower-protections-a-living-example-of-their-relevance

The Banking Cartel still thinks the power transition model and the coalition for the rule of law are not in charge, and is now making another vain attempt to steal the world's monetary gold reserves. It thinks that the secretariat of the World Bank, which is not in charge, and which is controlled by the Banking Cartel, can still steal the world's monetary gold reserves. This is not happening.

None of the embassies deny that I speak for the legitimate government of the United States on the Board of Governors.

In the meantime, I wanted to show you a comment I made a year ago about the alternative media. When the alternative media is funded by the Banking Cartel, it is increasingly difficult for people to understand what is actually true. But, as the extent of the corruption is exposed, more and more people are catching onto reality.

You are attempting to reassure your readers by a personal attack on Alex Jones. I am not defending Alex Jones; I am taking issue with your characterization of the rest of the people worried about martial law in the United States of America as "conspiracy theorists." For your information, the United States has remained under martial law since 1861; https://s3.amazonaws.com/khudes/KAHudes1861.jpg -- the US Congress has been extending the state of emergency behind closed doors without bothering to inform the US' citizens. That is because we have been operating under a second, secret Constitution ever since 1871 when the Revolutionary War debts fell due to the bankers. https://s3.amazonaws.com/khudes/Two Constitutions.pdf Members of Congress are managers of a corporation called the "United States" that has stolen the property rights of Americans. The title to our homes and cars and other property is held by the banks; since 1937 the states are only issuing us "warranties" of our titles to our property. https://s3.amazonaws.com/khudes/warpowers.pdf https://s3.amazonaws.com/khudes/warpowers.pdf https://s3.amazonaws.com/khudes/warpowers.pdf https://s3.amazonaws.com/khudes/warpowers.pdf

Moreover, the courts are not the courts guaranteed to us under the original Constitution and the federal judges are simply administrators in the kangaroo courts which treat the people that come before them as miniature companies set up after our birth certificates were pledged by the bankers on the capital markets. This book by George Mercier, who was the clerk of New York's District Court, tells how it is done. http://www.freedom-school.com/invisible-contracts.pdf

The best way to reassure your readers is not to deny this reality. The best way to reassure your readers is to tell them that many of us are "onto" the bankers, including three mathematicians at Switzerland's Federal Institute of Technology, who exposed this "Network of Global Corporate Control" in 2011

http://arxiv.org/PS cache/arxiv/pdf/1107/1107.5728v2.pdf Other persons who were "onto" these bankers were John F. Kennedy, Abraham Lincoln, and Ronald Reagan, who were assassinated or shot when trying to extricate Americans from this "matrix." Ronald Reagan had appointed the Grace Commission, which reported back that every cent of our income taxes goes to the private, unconstitutional Federal Reserve.

Fortunately, dedicated insiders have given us the means to fight back using the rule of law. Fifty years ago Jose Rizal, who became the Superior General of the Jesuits, appointed a young lawyer, Ferdinand Marcos, to put the world's wealth into a trust called the Global Debt Facility that is administered by the Board of Governors of the World Bank and IMF. As Acting General Counsel of the World Bank's oldest agency, the International Bank for Reconstruction and Development, I have been working with the Board of Governors to return each country's monetary gold reserves to them in the form of currency; the United States' gold has been accepted on behalf of the US by the County Executives of America. http://presswire.com/pr/hudes/hudes/250714

We are very close to the Global Currency Reset. The chances this comes to pass are 90-95%, based on a power transition that comes from the Department of Defense. https://s3.amazonaws.com/khudes/sentia+model.pdf The officers that you have quoted in your article are simply Knights of Malta and disloyal to their country. The rest of the US military, including the Joint US Japan Committee under the Status of Forces Agreement, remain patriots. This is simply theatrics and lies by the Banking Cartel. We have shown that the Treasury Department does not exist any more. Victoria never divorced her first husband, so that her marriage to her cousin Albert was bigamous and invalid. Victoria led a life of lies. Queen Victoria continued as mother to her eldest son, Marcos Manuel, exiled to Portugal, who continued to visit his mother on the Isle of Wight and was subsequently crowned as the true King of England, John II. I have tweeted this to Julia Baird, a prominent journalist, who published a biography of Queen Victoria. General Joseph Dunford Jr.'s treason

INTRO Good evening, I am your host Karen Hudes in this series on the Network of Global Corporate Control. Today's segment is going to give you another close-up of José Rizal, the man who put the world's wealth into a trust for the benefit of humanity for 50 years and put the institutions in place to bring the wealth out of hiding. Then we are turning to strategies for outreach to accomplish the goal that José Rizal set out for us: the Global Currency Reset. Today's show is coming to you live from DCTV's studios, and I would like to thank Carmen Stanley, Studio Producer and Director, Mo Jackson, Audio and Prompter, and Caecelia Key, Floor Director.

Background

This series has been on the air and on the internet for nearly a year. I encourage you to read the comment section in the archives, where you will see how all of humanity is working together on the Global Currency Reset. I am the Overseer Mandate Trustee of the Global Debt Facility, which is the trust that José Rizal and his lawyer Ferdinand Marcos set up containing the world's monetary gold reserves, other precious metals, gemstones, and art treasures. We have been talking about some of these treasures in earlier episodes:

The 188 Ministers of Finance on the Board of Governors of the World Bank and IMF, which administer the Global Debt Facility, gave me the job of Overseer Mandate Trustee after I worked for 21 years in the World Bank's Legal Department. I was hired into the World Bank by Ibrahim Shihata, the former General Counsel of the Organization of Petroleum Exporting Countries. In 1976 I wrote a legislative history of the G-77, a group of 134 developing countries

https://s3.amazonaws.com/khudes/Towards+a+New+International+Economic+Order.pdf
You can see from my website the twenty years of correspondence between me and the
representatives of the World Bank's member countries, and my whistleblower
retaliation case after I bought a World Bank bond to get around the World Bank's
immunities. The Board of Governors settled my lawsuit, but the US Judicial Conference,
headed by Justice John Roberts, ignored the Board of Governors.

http://kahudes.net/wp-content/uploads/2013/01/ljudicialconference1.pdf
I am now a sting operation revealing the corruption in the US federal courts and the interregnum in legitimate government of the United States. Three examples:

1. my tweet to Barack Obama https://s3.amazonaws.com/khudes/Twitter3.20.16.pdf about the nomination of Merrick Garland, one of the judges who botched my case and violated his oath of office by refusing to sit in a court guaranteed under Article III of the Constitution of 1789. Justice Scalia met with an untimely death three days after I tweeted his picture asking about the federal courts and the rest of the legal profession. Justice Scalia is on record supporting an Article V Convention to limit the federal government's illegal usurpation of power.

2.my tweets advising John Kerry at the State Department, the other members of the National Advisory Council on International Monetary and Financial Policies, and the Joint Chiefs of Staff, that the secret military rule in the US is now ended, and that I now represent the US government on the Board of Governors and the Boards of Executive Directors of the World Bank and IMF until the Constitution of 1789 goes back into effect via Article V. https://s3.amazonaws.com/khudes/Twitter3.5.16.1.pdf

3. my advice to the Governors facing a common law grand jury from the National Liberty Alliance to support the Global Currency Reset https://s3.amazonaws.com/khudes/Twitter3.31.16.2.pdf

José Rizal

José Rizal knew very well what we are up against today, because he was fighting those very same forces. The Network of Global Corporate Control is a big conglomerate that owns and controls many companies on the capital markets and issues the world's paper currencies. Three mathematicians at the Federal Institute of Technology, Vitali, Glattfelder and Battiston, proved the existence of the Network of Global Corporate Control, by looking at who owned the 43,000 companies traded on the world's capital markets, and found that the same directors were appointed to the boards, and that the Network of Global Corporate Control had done this to exercise control. José Rizal was an exceptionally gifted person. His family was also exceptional. His parents were both well educated. His father, Francisco Mercado Rizal (1818-1898), studied Latin and Philosophy at the College of San Jose in Manila and his mother, Doña Teodora Alonso Realonda (1826-1911), was educated at the College of Santa Rosa. José's brother Paciano, who was ten years older than José, shielded young José from the cruel Spanish Friars. Young José was home schooled. Paciano helped José to study in Europe after José had received his Bachelor of Arts at the Ateneo de Manila and his medical degree at the age of 21 from the University of Santo Tomas

José Rizal was a *Polymath*. A Polymath is defined as a person whose expertise spans a significant number of different subject areas; such a person is known to draw on complex bodies of knowledge to solve specific problems. We also know from José Rizal's diary and his two novels that he was psychic. Thirteen years before he faced the firing squad, José Rizal wrote that he dreamt that he almost died. Rizal's biographer Coates, wrote:

"The <u>prescience</u> of Rizal, in which dreams contributed only a small part, was extraordinary, verging on the psychic. In his novels there are numerous scenes

describing incidents which, long after the books were published, and heaven knows with no volition on his part, actually took place, in strangely similar conditions, in his own life. In some cases, the resemblance between the fictional scene and the subsequent actual event is so close that in memory one is apt to confuse the two. I can think of nothing else quite like this in literature."

José Rizal was fluent in twenty-two languages, learning the last three languages when he was in exile in a remote island in the Philippines, Dapitan, where he established a school. The priests threatened excommunication to any family who allowed their son to continue under Dr. Rizal's lessons. When all was said and done, the church reduced his following to 12 disciples wishing to continue their teachings from the master for a period of three years. One of the disciples, a Muslim, later became a datu https://en.wikipedia.org/wiki/Datu. Datu is the title for chiefs, sovereign princes, and monarchs in the Visayas https://en.wikipedia.org/wiki/Mindanao regions of the Philippines. https://en.wikipedia.org/wiki/Philippines.

Another disciple, José Aseniero, who was with Rizal throughout the life of the school, became Governor of Zamboanga

https://en.wikipedia.org/wiki/Zamboanga (province).

When Americans took over the Philippines in 1898, government officials were surprised to find a number of young men who could speak and write in English fluently. They were a valuable resource to the American government in later years.

There is eye-witness testimony of the events that morning which confirm biography accounts of changes to regular firing squad protocols on the morning of December 30, 1896. If José Rizal did indeed survive the shooting, he would have been smuggled out of the Philippines and upon recovering from his wounds, Rizal would have eventually joined the Jesuits under the alias name. Legend again has it that Dr. Rizal took the name Reverend Father Jose Antonio Diaz. Whether he did indeed survive the firing squad or not, Mike Brakey, who did about 95% of the research for this program, has concluded that Rizal made provisions to carry out a secret operation against both the

Friars in the short-term and the Vatican in the long-term.

Between 1896 and 1942 it is believed a brilliant Pilipino, *Reverend Father Jose Antonio Diaz* ascended through the Jesuit ranks. He may have risen to second or third in command of the Jesuits and reported directly to the Black Pope—the Superior General of the Jesuits, Wlodimir Ledochowski. After twenty-seven years as the 26th Black Pope, Ledochowski, age 74, suddenly dies December 13, 1942. Now the printed records of the Church indicate, due to the chaos of World War II, no Black Pope was official elected until September 15, 1946 (see link:

https://en.wikipedia.org/wiki/Superior General of the Society of Jesus). Jean-Baptiste Janssens is presently recorded as the 27th Black Pope.

[The current Black Pope, Adolfo Nicholas, is the 30th Superior General. Adolfo Nicholas is to step down some time this year - it is unusual that the Black Pope does not continue to serve until his death. http://www.romereports.com/2014/05/20/fr-adolfo-nicolas-to-resign-as-superior-general-of-the-jesuits-in-2016

During this time of chaos and immediately after WWII, it is alleged, Jose Rizal, under an alias name for 46 years (Rizal would then be 71 years old), was entrusted with the Vatican's gold. He had also gained access to the bulk of the Japanese and German gold looted from around the world in the first half of the 20th century. Jose Rizal put it in a trust fund, had it melted down in Singapore and stamped and drew up legal documents and got all the leaders at the time, including Eisenhower, Truman, etc. to agree to keep it secret for fifty years, then prepare the entire world for a financial reset in the early part of the 21st century. If all went as Rizal anticipated, the Vatican bankers would be on the edge of bankruptcy from the gold that had been looted from them. If the gold was not released to the world in a timely manner, mankind might enter another Dark Age upon financial collapse of the international bankers.

Strategies for Outreach -

This video is viral on the internet. https://www.youtube.com/watch?v=R2e2yHjc mc

The Defense Department has a very accurate political science game theory model which predicts how coalitions form. https://s3.amazonaws.com/khudes/sentia+model.pdf

This model started predicting ever since Elaine Colville and I got our statements about the corruption at the World Bank on the UK and EU Parliament websites in 2012, that a coalition for the rule of law would form. The central "swing vote" as it were, is the shift of Germany out of the control of the Network of Global Corporate Control. I had the power transition model in mind when I wrote to Senator Dick Lugar on the US Committee on Foreign Relations (then chaired by Joe Biden) about the fact that Eckhard Deutscher, Dean of the Board [and Germany's Executive Director] told me that "the World Bank Board is treated like a mushroom, kept in the dark and covered with fertilizer" http://kahudes.net/wp-content/uploads/2012/05/exhibit8.pdf With the

video that is gaining about a million or so views each day, how long do you think Angela Merkel is going to remain?

Our allies know that the bankrupt Federal Reserve's days are numbered, and that state capture is ending in the United States. The point about the power transition model is that all of the trends that reinforce each other work in tandem -- also at the center of the model is the fact that Japan, which depends upon the US military, is not about to allow a unilateral surrender of US military might through a crash of the Federal Reserve Note. This allows those loyal members of the US military to take down the Federal Reserve working with the Joint US Japan Committee under the Status of Forces Agreement without having to break ranks with the Knights of Malta in the Joint Chiefs of staff.

Another indicator is the fact that enlisted men are asking to "friend" me on Facebook.

Phantom of the Arthur

Karen, this is mind blowing. I can barely wrap my head around what you are telling us, let alone trying to tell these things to other people. Let me confess that this is a paraphrase. The statement disappeared from "Google +" as soon as I wrote in answer to the question that I was going to provide outreach strategies on today's broadcast.

I have had to learn how to reach out to people and I am basing this on my personal experience. The best way to learn on outreach is to take feedback into account. Be gentle, and this means taking the temperature of the person you are talking to; it is not "one size fits all." Some people are going to resist this alternate reality, no matter how compelling the information that you present to them. Leave the people alone if they resist, all the more so if these are people you are living with. Find like-minded people to talk to. The ratio of people who are receptive to people who are closed is about 1:10. This is also roughly the proportion of people who are less susceptible to advanced military mind control technologies. It is quite an encouraging development that there is more information becoming available about these technologies, and the interest is also spreading. So, less is more as far as "outreach" goes. Remember, "an incoming tide raises all boats," and that is what the power transition model, which predicts how coalitions of shared interests form, also tells us, with 90-95% accuracy

OUTTRO Thank you for listening to another segment of "The Network of Global Corporate Control." We have been talking about José Rizal, the polymath who experienced first-hand the ills of Spanish colonial rule, and then went to the Vatican under the pseudonym Fr. José Antonio Diaz. After rising through the ranks, José Rizal and his lawyer, Ferdinand Marcos, set up a trust of the world's monetary gold and other treasures for the world's people to inherit after 50 years. Well, the 50 years is now up, and we are all learning how to work together to receive our inheritance Until next week, I am your host, Karen Hudes.
