The monetary gold reserves of the following central banks are owned and held by the Global Debt Facility. These private banks are insolvent; most of their outstanding debt is held by the Global Debt Facility.

Although I was not permitted to enter the Spring Meetings today, I was able to confer on the seventh discussion point in the Letter of Intent dated November 8, 2014, <https://s3.amazonaws.com/khudes/Letter+of+Intent.pdf> with the Group of 77 and with several other countries. Between 1928 -1932 there were five years of Geneva conventions. In 1930 the U.S., Great Britain, France, Germany, Italy, Spain, Portugal all declared bankruptcy. It is not necessary for the Global Currency Reset to be preceded by treaties. Instead, the following Central Banks will be resolved by placing these banks under receivership in the Global Debt Facility. The activities of these central banks will be resumed by the countries in which they are located when the fractional reserve fiat currencies have been replaced by national currencies minted from the gold in the Global Debt Facility:

Sir, I refuse to marry you for many reasons. You are not pure of heart. You are repugnant in my eyes. Your reference to aliens is just one of your many lies. How dare you refer to "unprofitable people"? Each and every soul on this Earth is sacred. Your soul, if you have one, is suffering from such a horrible statement. How dare you attempt to refute my understanding? I am a woman of this Earth, and I do not accept you or your lies or your crooked, evil ways. Get thee behind me.

Warehouse keepers (which are our warehouse keepers and not your warehouse keepers) must comply with the commands of the people on this Earth who own their own wealth, and who are acting through the Bretton Woods institutions as ordained in paragraph 6 of the Bilateral Minesfield Breakthrough Agreement.

<https://s3.amazonaws.com/khudes/BILATERAL.pdf> Your email ignores the proper institutions designated by all. You do not designate the authorized signatory. As the Board of Governors have delegated this office to me, it is not for you. Referring to laws enacted after the fact and that conflict with the previously agreed Treaties? You are an ignoramus, wrong on all fronts. And especially in spiritual matters you have no authority whatsoever. YOU ARE NOT MY PRIEST. Get thee behind me. Get thee behind me.

So be it.

Sincerely,

You are mistaken of understanding. This stands as the USA and Philippinas be related or united or "Marry" to peace and prosperity. Since Alpha Omega symbol of triangle with eyes ie heritage in bond and currency. As noted believe Father and the USA with the highest. That is a puzzle to be related. As the bonds heritage also has the indicated symbol of Alpha Omega, and charters of the authorized signatory returned to the US Treasury as to respect the beauty inside owners are USA, to be used all over the world .. There is no right to The Bretton Institute claims or BRICS to handle the USA owned

heritage bonds because there a penalties international law BASEL 3 and PATRIOT ACT.

Hopefully you understand your fighting as you are USA Citizen, that you would be restored to owning your MOTHER LAND because our warehouse keeper is fighting for the genuine heritage bonds that do not fall into bad hands or china or other countries. The keeper Filipinos have taxes our lives so that your property will benefit the whole world in the currency in which the back-up is in the direction of our Authorized Signatory. For clarification the authorized signatory, with the blessing of our Father, Omega Alpha Highest get rid of back-up gold, precious stone to use in currency in the world because he has the will and immaculate with the crown of our spiritual. Without the blessing of the Father of the Most High ALPHA OMEGA taken to the warehouse of the back-up will be rock or sand or mountains and unprofitable people.

A) Ferdinand Marcos already designated the authority to sign for the Global Debt Facility to several individuals; he did not assign his authority to his children. The capacity to sign for the Global Debt Facility as authorized signatory is not inherited. <https://s3.amazonaws.com/khudes/BILATERAL.pdf> The Geneva Convention is not relevant here. The authorized signatory is authenticated by the Board of Governors of the World Bank and IMF pursuant to paragraph 6 of the Bilateral Minesfield Breakthrough Successor Agreement. Mr. Mercado does not have any authority through assignment, moreover the Board of Governors has not authenticated Mr. Mercado's capacity as signatory of the Global Debt Facility. The Board of Governors will be authenticating the signatory for each and every conveyance of the Global Debt Facility.

B) Whatever you sent to "representatives of US Treasury, IMF, US Federal, United Nations, and the congress, governors" will not be accepted by them, as Alpha Omega Silangan has no authority over the Global Debt Facility either.

Re: Spring Meetings - Global Currency Reset

Dear Mr. Smith,

Due to interference with my emails to Executive Directors, I am faxing a link to the email which I sent to the Board of Executive Directors yesterday evening concerning the Global Currency Reset. Yesterday I discussed these matters in the embassy of the Chair of the Group of 77, as Mr. Thomas Bonaker defied the Board of Governors. I am also including links to correspondence posted on the internet:
